Bristol Audi

INTRODUCING THE NEW  
MON MOTORS STAFF MAGAZINE!

## A MESSAGE FROM HR

### UNDERGRADUATE DISCOVERS AUDI

In July 2017 we welcomed Anna Souroullas to work with the brand as a HR Assistant for the next 12 months before returning to her studies. She has hit the ground running and has been taking on a variety of roles which include co-ordinating the recruitment process, updating the Group HR system, reporting for the Board of Directors and supporting the HR team. Below is a little more about Anna and how she is finding the placement so far:

*"I am thoroughly enjoying my placement role with the HR department and have gained some valuable industry experience whilst working with some of the loveliest people. I am currently a student at the University of Nottingham studying International Management. From September I will be studying and living in Malaysia for the 2nd year of my degree. I'm looking forward to travelling and experiencing new countries and plan to get involved in elephant conservation in Thailand. Originally, I am from the small town of Clitheroe in Lancashire so it's a nice change to be living in a city!"*

### WORK PLACEMENTS FOR APPRENTICES

In October last year, Bath Audi, Bath Volkswagen and Bristol Audi each held work placements for apprentices from Switzerland. These students were from the Technical School of Zurich, which is one of the biggest technical schools in Switzerland and educates more than 2000 students in 16 different professions.

Each student spent time shadowing and getting involved with our Service and Master Technicians in our workshops to improve their knowledge of other products, working practices and their language skills.

This has been a great experience for the students but more importantly this has been a great opportunity for us as a company to learn from the students themselves.

## We're Hiring!

Do you know anyone who would like a career with Mon Motors? If so then we are hiring. Just go to [www.monmotors.com/careers](http://www.monmotors.com/careers)
