“

European Universities will equip their students, staff, and researchers with the skills they need to navigate the twin green and digital transition of our society.

They are a key building block not only for the European Education Area, but also for the future of Europe.

**MARIYA GABRIEL**  
**COMMISSIONER**

# ECIU UNIVERSITY: WHY ON A EUROPEAN SCALE?

## Long-term strategic collaboration

---

with industry and society.

## For the European job market

---

ECIU University provides necessary job skills.

## Broad portfolio of the best education

---

from the European partners and their stakeholders based on the SDGs.

## European-wide recognition

---

of the educational model based on skills and competences.

## ECIU University connects

---

Cultures, enables people to move freely.

## Scalability

---

to make a real systemic change in Higher Education for the benefit of society.
