

Swiss Programme for Erasmus+
Call 2023

Eligible Programme countries for international mobility projects

In this country list, all eligible programme countries are assigned to their corresponding travel region (for travel flat rate) and country category (for subsistence flat rate). The specific allowances per mobility can be found in the grant table of the respective education level.

The flat rate allowances for subsistence are based on the cost of living in the destination country and are divided into three country categories. For European Overseas Countries and Territories (OCTs), the flat rate of the respective EU Member State to which a Country or Territory belongs, i.e. Denmark (Greenland), France (e.g. Reunion), the Netherlands (e.g. Aruba) or the United Kingdom (e.g. Falkland Islands), is allocated.

The programme countries are grouped into four geographical regions. Here, the travel allowances are based on the distance from the country of origin to the destination country.
